Dear Valley Yellow Pages,

I want to go on record that Valley Yellow Pages works! My business depends on standing out from my competition and with Franco's expertise and constant effort to help me create powerful looking ads, my business has grown exponentially every year.

We started almost eight years ago with one book and when Franco took over my account, each year we have increased our presence in the Bay Area and presently are in six books of the Valley Yellow Pages.

And I can't count how many times I have walked in to a customer's home to repair a lock and there would be the Valley Yellow Pages book opened to my ad sitting on the table next to the phone. It would put a smile on my face every time!

Thank you again Valley Yellow Pages and thank you Franco for looking out for what's best for my business.

Sincerely,
